**JULIEN BEAUNON**

Following the principles of Cavalia's foundational influence.  
Everything must be for the love and respect of the horse.

**CLINIC DETAILS:**

- Learn gentle, respectful methods to open your horse's willingness to work and learn and to maintain high performing consistency in any discipline and any level of rider
- Reveal your horse's inner beauty
- Get your horse's attention to ensure safety and respect
- Learn how to recognize the efforts made by your horse to avoid frustration and misunderstanding
- Learn easy and effective techniques to help your horses overcome their fears
- Rehabilitate horses living with cognitive or physical issues
- Move your horses using body language and bring them effortlessly to accomplish the most difficult exercises
- Develop techniques to work with your horse all year-long, even in inclement weather or short time availability
- Give yourself and your aging horse the gift of new horizons
- Surpass your approach with horses and explore limitless possibilities.

\*\* Julien's methods will not interfere with any formal training methods, but rather will strengthen and enhance what foundations have already been established.
